Dazzler Software

WordPress Development Bootcamp

CONTENTS

ABOUT
DAZZLER

Dazzler Software had begun their adventure in the field of IT Business most recently years back. It's a period when we recognize prospect and business viewpoints in the region of web configuration, advancement, and custom programming application improvement. Provide services like custom software development, Website Development, Ecommerce Application Development, Training, CRM Development, and more services to clients globally. With our team and founder of the firm we help our clients with best performance and growth in terms of business growth, branding and revenue generation.

Our team of 25+ professionals makes the finest works in the software development process, project management, code development, UI/UX design, testing and strategy, and web design with quality assurance and high-level performance. Our aim is to provide our clients best services at affordable prices and with quality standard work. We have created 100+ applications, 20,000+ customers across the world are part of our dazzler family, and 1M+ free software downloads.

"

Our goal is that we should provide you the right education, improve your skills, teach you what will be useful for your whole life. We are making a better future for the students with our new model of education. "

Deepesh Paliwal

Founder and Executive Chairman

DAZZLER

"

We build your career with the right job.
We update ourselves every day so that you can learn the latest technology. Anyone can learn to code, so it is our endeavor to guide you in the right direction. we have the best training environment and the best team who will teach you and guide you. "

Chandra Shekhar Sahu

Founder and Executive Chairman

DAZZLER

WHY
WORDPRESS DEVELOPMENT?

Why WordPress Development?

As with anything under demand, the pay is high. The average salary of a WordPress developer is 4 lakh rupees which is higher than the average salary of a web developer. With the right skills and the right company, you can get a salary higher than the average companies i.e around 6-10 lakhs per annum. As a WordPress developer, you have a know-how of multiple technologies. Whether it's about adding images to a web page or creating a database, you'd be familiar with all of them. This gives you an edge over other developers because you can make technical decisions faster and see the bigger picture.

Job role of a WordPress Developer:

- Developing front-end website architecture
- Designing user interactions on web pages
- Developing back-end website applications
- Creating servers and databases for functionality
- Ensuring cross-platform optimization for mobile phones
- Ensuring responsiveness of applications
- Working alongside graphic designers on web design features
- Seeing through a project from conception to finished product
- Troubleshooting Application and Code issues.
- Meeting both technical and consumer needs
- Staying abreast of developments in web applications and programming languages

What skills are required to become a successful WordPress Developer?

This means learning WordPress development will help you master a wide variety of skills. Knowledge of HTML, CSS, JavaScript, back-end languages (Python, PHP), database storage, along with a good set of soft skills are inevitable to become a good WordPress developer.

WHY
DAZZLER

Learn something new every day

This job continuously influences you to learn new things constantly. With the dynamic nature of the tech industry, doing the same work for a long time may bore you. At that particular time, upgrading your skills and knowledge will really help you a lot.

Learn the industry-relevant tools

Access to variety of tools for the digital marketing and hands-on training with many industry relevant projects.

Highest Salary Package

The average salary for a talented developer/designer is more than the average salary of any other software developer/designer in the industry.

Find what you love most

This course lets you get comfortable with a wide array of software. It also allows you to dive deep into the areas you like the most.

Tech boom

The IT and Tech industry in India has grown exponentially in the last few years.

100% Job & Internship Support

Interview ready with our Individual mock interview and group interview sessions.

Industry Experienced Faculties

Develop most sought after skills in today's tech industry by top industry experts.

PROGRAM
HIGHLIGHTS

• Bootstrap Forms Validation	1

Course 4: JavaScript

Module Name	No. of Sessions
• JavaScript Introduction	1
• JavaScript Implementation	1
• JavaScript Comments	1
• JavaScript Variables	1
• JavaScript Data Types	1
• JavaScript Operators	1
• JavaScript Conditional Statements	1
• JavaScript Alert Box	1
• JavaScript Confirm Box	1
• JavaScript Prompt Box	1
• JavaScript Functions	2
• JavaScript Loops	1
• JavaScript Arrays	5
• JavaScript Objects	2
• JavaScript String Methods	1
• JavaScript Number Methods	1
• JavaScript Math Methods	1
• JavaScript Date Methods	1
• JavaScript DOM	5
• JavaScript BOM	2

Course 5: jQuery

Module Name	No. of Sessions
• jQuery Introduction	1
• jQuery Implementation	1
• jQuery Syntax	1
• jQuery Selectors	1
• jQuery Mouse Events	1
• jQuery Keyboard Events	1
• jQuery Form Events	1
• jQuery Windows Events	1
• jQuery Get & Set Methods	1
• jQuery Class Methods	1
• jQuery CSS Method	1
• jQuery Methods	1
• jQuery Method Chaining	1
• jQuery Properties	1

Course 6: PHP

Module Name	No. of Sessions
• Overview of the PHP	1
• Setting up and installing PHP	1
• Comments in PHP	1
• PHP Variables & their scope	1
• PHP Echo/Print	1
• PHP Data Types	1
• PHP Strings	1
• PHP Math Functions	1
• PHP Constants	1
• PHP Operators	1
• PHP Conditional Statements	1
• PHP If….else	1
• PHP Switch	1
• PHP Loops	1
• PHP Functions	1
• PHP Arrays	1
• PHP Global Variables (Superglobals)	1

	No. of Sessions
• PHP $_GET	1
• PHP $_POST	1
• PHP Forms	2
• PHP Date	1
• PHP include/require	1
• PHP File	1
• PHP Cookies	1
• PHP Sessions	1
• PHP Projects	5

Course 7: MySQL

Module Name	No. of Sessions
• Introduction about Database	1
• MySQL Introduction	1
• MySQL Connect	1
• MySQL Create	1
• MySQL Insert	1
• MySQL Select	1
• MySQL Where	1
• MySQL Order By	1
• MySQL Update	1
• MySQL Delete	1

Course 8: AJAX

Module Name	No. of Sessions
• Ajax Introduction	1
• Ajax Insert Record	1
• Ajax Delete Record	1
• Ajax Update Record	1
• Ajax Search	1
• Ajax Pagination	1
• Ajax Load More	1
• Ajax Serialize	1
• Ajax $.GET & $.POST Methods	1

Course 9: WordPress	
Module Name	**No. of Sessions**
• Introduction to WordPress	1
• Installing WordPress	1
• Logging Into the WordPress Admin & General Site Settings	1
	1
• Writing Posts & Formatting Text	1
• Publishing a Post	1
• Creating Links (Hyperlinks)	1
• Adding Images & Managing the Media Library	1
